GOLF COURSE MAP

We have tried to source as many courses that would be easily accessible (within an hour) of Lakeside. There are probably more that are not shown here, however these are the most noteworthy and popular courses. Golf has become a mainstay of PEI tourism and green fees in Prince Edward Island are very reasonable compared to other golf destinations - You are sure to find several courses that are suitable to your abilities - and golf budget. You can also schedule family outings and activities around golf day trips, which will keep the “non golfers” happy. Use the various course web sites to review the courses and make your selections and tee time reservations.

- Our family has found that with our proximity to Lakeside Beach, The Links at Crowbush Cove – as well as the nearby horseback riding stables, we don't need to travel more than two minutes for fantastic golf, beautiful relaxation and unique recreation.
